

Welcome

Hello World! This is my personal website for Ham Radio. I am an avid Amateur Radio operator and enjoy the outdoors as well. On this website you'll find information on the Icom 7000, Icom 7300, Flex 1500 and software programs that I use daily and for contesting. I hope you find this site useful and please comment on posts. Please visit my [YouTube channel](#). Thank you, 73 and good DX – Rich, K0PIR
